PRHS Emergency Preparedness

Objective: Work together to get prepared for the emergencies like Pandemic Flu by:

- Evaluation
- Patient Education
- Formalizing strategic locations
- Role Assignment
- Resource Sharing
- Information Exchange
- Continuous Monitoring

Role of PRHS: Not only primary caregiver to Tribal Members in the area but also a primary source of health information for them.

PRHS Emergency Preparedness

Need Assessment: What is our requirement of:

- ☐ Facilities
 - ☐ Medical Providers
 - ☐ Nursing Professionals
 - ☐ Ambulances
 - ☐ Supplies
 - ☐ Immunizations/ Vaccines
 - ☐ Medications
-

PRHS Emergency Preparedness

Asset Mapping:

- ☐ What we have?
 - ☐ Where we have- Location?
 - ☐ Who can authorize the use-access?
 - ☐ Formalities to be completed
-

PRHS Emergency Preparedness

Educational Campaign

Education of the masses on preparing them for the emergencies

Distribution of the information flyers/brochures to everyone

Public health/outreach/transportation staff of health units to reach the population segments, educate them and distribute the flyers

PRHS Emergency Preparedness

- ☐ Training on National Incident Management System (NIMS)/ Standardized Emergency Management (SEMS)
 - ☐ Coordinate with local Law Enforcement/Fire Department/County Health.
 - ☐ HRSA Funds available
 - ☐ Participation with County on the efforts on emergency preparedness
-

PRHS Emergency Preparedness

Stages covered:

- ☐ Established 'Intermountain Emergency Preparedness Committee' with a focus on all emergencies.
 - ☐ Asset Mapping.
 - ☐ Partnership with County Public Health on County-wide preparation efforts.
 - ☐ Applied for HRSA funding.
 - ☐ Developed the educational flyer with collaboration of County Public Health.
-

PRHS Emergency Preparedness

Current Status at PRHS

- ❑ NIMS/SEMS Training in progress
 - ❑ Getting a plan developed exclusively for PRHS with the help of Calvin Freeman and Barbara Aragon (Consultants with CA State Indian Health program)
-
